## *Solar Powered Smell Killer*

- \* Keeps you alert
- \* Removes bad odors
- \* keeps you smiling

### **Testimonials.**

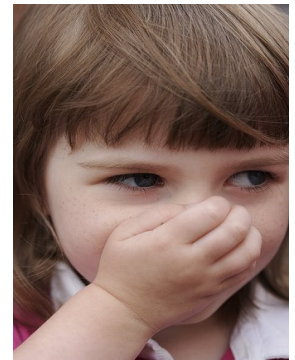

- a. I feel more alert especially after lunch after I used the Solar Smell Killer ----Mr Lee, Driver
- b. The cigarette smell is gone after using the Solar Smell Killer ... Patrick
- c. In the morning when I opened the car door, the normal stale smell has gone after using Smell Killer ... Mr Tan

### **Features:**

1. Solar Panel can be adjusted to receive direct sunlight to power "ON" the unit
2. Without direct sunlight, you can also use the car 12v supply
3. Easy to install with Double Sided Adhesive tape provided
4. How does it works:  
It produce O3, which can deodorize and sterilize indoor air. After clearing the air molecules, only O2 remains.

### **Benefits -**

- Removes Bad Odors
- Revitalizes the Air
- No Maintenance
- Dual power supply

### **Application: -**

- Cars (12v)
- Buses/Tour Buses/Lorries (24v)
